

Social media influencer Bryan "Butta" Robinson is a multi-faceted artist best known as a dancer, choreographer, teacher, organizer, producer, motivational speaker, and business owner.

Throughout his career, Butta has been committed to building a stronger culture for dancers, and imparting wisdom to make dreams come true.

The foundation of Butta's success is his unwavering positivity, his laser focus, and most importantly, his personal philosophy regarding the impact of dance.

For Butta, the secret to greatness is simple and sublime – it is learning, embracing and truly feeling the beat.

"It is all about building greatness from within, and amazingly it can be done simply with the beat. Being able to move to the beat – any beat – no matter your shape, size, color or background – instills incredible confidence."

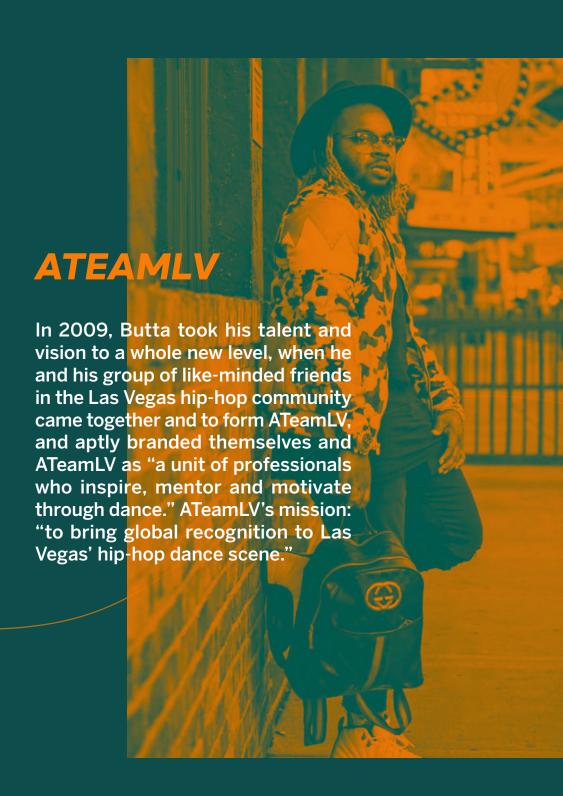

THE EARLY YEARS

Butta's dance career started as a Carnival Cruise Ship entertainer, and thereafter, he and his crew opened for Ashanti, among others, and he appeared in Season 2 of "America's Got Talent," with Creative Streetlitez Crew. After AGT, Butta worked as a choreographer for the Wynn Hotel & Casino iconic theatrical production, "Le Reve."

NEON

Butta helped actualize ATeamLV's mission and vision beyond their expectations. ATeamLV created and organized NEON, an annual Las Vegas-based hip-hop street dance competition, with 2x2 battles, and hip-hop dance crew showcases. Butta and ATeamLV then joined forces with Ghetto Styles, and NEON became the first out-of-country qualifier for the prestigious Paris battle, Fusion Concept.

ATEAM BLACK LABEL

In the years that have followed, Butta transformed ATeamLV into ATeam Black Label, an artist management company and collective. Through ATeam Black Label, Butta's mission came to fruition. That is, to empower dance artists and optimize their professional endeavors. Butta has been the driving force empowering all the ATeam Black Label artists and is credited for helping several dancers gain recognition and elevating their careers. He has put together tours, hosted classes, and continues to produce dance videos.

Butta is an exceptional leader and continues his mission of empowering and building a strong culture for dancers. Yet, of all of his career endeavors, Butta is most proud of his youth empowering programs. Butta is the founder and organizer of the non-profit, Dance Confidently Against Obesity (DCAO). DCAO is an organization and platform for children ages 5 to 17, that is aimed at building confidence by advancing positive life and dance skills.
